'e-Poster Presentation' on

“Sustainable Development Goals (SDGs)”

(Theme: Empowering the SDGs through Energy Conservation)

The ISTE Cell of Aditya College of Engineering, Madanapalle (ACEM), successfully organized an **e-Poster Presentation** on **13th December 2025** with the objective of creating awareness about the **Sustainable Development Goals (SDGs)** and highlighting the importance of **energy conservation** in achieving sustainable and inclusive development.

A total of **69 batches registered** for the event, out of which **67 batches actively participated** each batch contains maximum of two members and presented innovative ideas, perspectives, and solutions aligned with the theme. The event served as an effective platform for students to exhibit creativity, analytical thinking, and social responsibility towards global sustainability challenges.

Inauguration of the Event:

The event was formally inaugurated by **Dr. S. Ramalinga Reddy, Director**, **Dr. P. Rayudu, Principal**, **Dr. S. Muni Rathnam, Convener – ISTE Cell**, and **Mr. K. Ram Prasad Reddy, Co-ordinator – ISTE Cell**.

During the inaugural session, **Dr. S. Ramalinga Reddy, Director**, emphasized the relevance of the **Sustainable Development Goals** in addressing global challenges such as climate change, energy scarcity, and environmental degradation. He highlighted the role of engineering students in adopting innovative and energy-efficient technologies to ensure sustainable growth.

Dr. P. Rayudu, Principal, in his inaugural address, stressed the importance of **energy conservation** as a key driver in empowering SDGs. He encouraged students to integrate sustainable practices into their academic projects and future professional endeavors.

Dr. S. Muni Rathnam, Convener – ISTE Cell, spoke on the significance of the theme *“Empowering SDGs through Energy Conservation,”* and highlighted how responsible energy usage plays a crucial role in achieving sustainable development.

Mr. K. Ram Prasad Reddy, Co-ordinator – ISTE Cell, briefed the participants about the objectives of the e-Poster Presentation and the evaluation criteria, encouraging students to present innovative and feasible solutions aligned with the SDGs.

Participants presenting their themes before the Director, Principal, and Judges

Participants presenting their theme before the Principal Dr. P. Rayudu.

Judges Dr. S. Muni Rathnam and Dr. D. Srinivasulu Reddy evaluating the e-poster presentation

Judges Dr. S. Muni Rathnam and Dr. D. Srinivasulu Reddy evaluating the e-poster presentation

Judges Dr. S. Muni Rathnam and Dr. D. Srinivasulu Reddy evaluating the e-poster presentation

Evaluation and Prize Distribution:

The e-Poster presentations were evaluated by **Dr. D. Srinivasulu Reddy** and **Dr. S. Muni Rathnam** based on parameters such as relevance to the theme, innovation, clarity of presentation, and feasibility of ideas. The following participants were declared as prize winners:

- **First Prize: Ms. P. Likhitha (238PIA0557)**
- **Second Prize: Ms. T. Varshitha (238PIA04C3) and Ms. A. Priya (238PIA0471)**
- **Third Prize: Ms. M. Prachanya (238PIA0464) and Ms. N. Haritha (248PIA0553)**

Certificates were awarded to the prize winners in recognition of their outstanding presentations.

First Prize distribution to : Ms. P. Likhitha (238PIA0557)

Second Prize winners: Ms. T. Varshitha (238PIA04C3) & Ms. A. Priya (238PIA0471)

Third Prize winners: Ms. M. Prachanya (238PIA0464) & Ms. N. Haritha (248PIA0553)

Vote of Thanks:

The **Vote of Thanks** was proposed by **Mr. K. Ram Prasad Reddy, Co-ordinator – ISTE Cell**, who expressed appreciation to the management, Director, Principal, judges, faculty members, and student coordinators for their guidance, support, and cooperation, which contributed to the successful conduct of the event.

Conclusion:

The event was conducted smoothly with the active involvement of the ISTE Cell faculty members and student coordinators. The enthusiastic participation and quality of presentations reflected the success of the program in creating awareness about sustainable development and energy conservation. The e-Poster Presentation concluded on a positive note, inspiring students to actively contribute towards sustainable practices and the achievement of the **Sustainable Development Goals (SDGs)**.
