Description of the program	Department of CSE(AI) conducted a Department Association Activity on "Orientation program" on 01-07-2026. The HoD addressed the gathering and emphasized the importance of discipline, continuous learning, innovation, and professional ethics in engineering education. The Head of the Department introduced the faculty members and provided an overview of the department, academic curriculum, laboratory facilities, library resources, placement opportunities, internships, research activities, and student clubs. Faculty members explained the academic regulations, examination pattern, attendance requirements, mentoring system, and available support services. Students were also encouraged to participate in workshops, hackathons, technical events, and extracurricular activities to enhance their overall development. The session concluded with an interactive question-and-answer session where students clarified their doubts regarding academics and campus life. The orientation program successfully created a positive learning environment and motivated the students to begin their academic journey with confidence and enthusiasm. Outcomes • Students became familiar with the department, faculty, and institutional facilities. • Students gained awareness of academic regulations and examination procedures. • Students understood the importance of discipline, ethics, and continuous learning. • Students were encouraged to participate in technical and extracurricular activities. • The orientation program helped students begin their academic journey with confidence and motivation.
