Technical Talk - "AI Unleashed: Innovation and Opportunities"

Title of the Event / Program	"AI Unleashed: Innovation and Opportunities".
Date of Event (s)	08.08.2026
Time	11:00 AM to 01:00 PM
Target Audience	B. Tech III CSE(AI) & III AI & DS
Room No	Auditorium-001
No. of participants	120
Chief guest	Dr. S. Ramalinga Reddy, Director Dr. Rayudu Peyyala, Principal
Resource person	Mr. M. Gangadhara Reddy Founder & CEO KYDRE Software Solutions
Organized by	Department of CSE(AI)
Committee	Convener- Dr. M. Roshini Co-Ordinator-Mr. D. Ramakanth
Description of the Program	Department of CSE (AI) conducted a Technical Talk on "KYDRE Software Solutions" on 08-08-2026. Dr. Rayudu Peyyala, the Principal, Dr. M. Roshini Head of Department and the resource person addressed the students during the inaugural of the Technical Talk, the resource person has covered the following points. To create awareness among students about the latest developments, applications, innovations, and career opportunities in Artificial Intelligence. The session was organized for III B. Tech students of CSE (AI) and AI & DS branches. The program provided students with valuable insights into the rapidly growing field of Artificial Intelligence and its impact on various industries. The technical talk was delivered by Mr. M. Gangadhar Reddy, Founder & CEO of KYDRE Software Solutions. With his professional experience and industry knowledge, he provided students with practical insights into the field of Artificial Intelligence and its growing significance in the technology sector.

Objectives of the Program

The major objectives of the technical talk were:

- To introduce students to the latest trends in Artificial Intelligence.
- To explain the real-world applications of AI.
- To create awareness about emerging technologies and innovations.
- To help students understand career opportunities in AI and related fields.
- To encourage students to develop industry-relevant technical skills.
- To motivate students to explore AI-based projects and solutions.

Highlights of the Session

The resource person discussed the increasing role of Artificial Intelligence in modern society and various industries. Students were introduced to the opportunities created by AI and the importance of continuously upgrading their technical knowledge.

The session also emphasized the importance of practical learning, innovation, problem-solving abilities, and industry-oriented skills. The students actively participated in the session and gained a better understanding of how AI technologies can be used to develop innovative solutions.

Outcome of the Program

The Technical Talk helped students:

- Gain awareness of current AI technologies and trends.
- Understand the practical applications of Artificial Intelligence.
- Identify potential career opportunities in AI.
- Develop interest in AI-based projects and research.
- Understand the importance of industry skills and continuous learning.

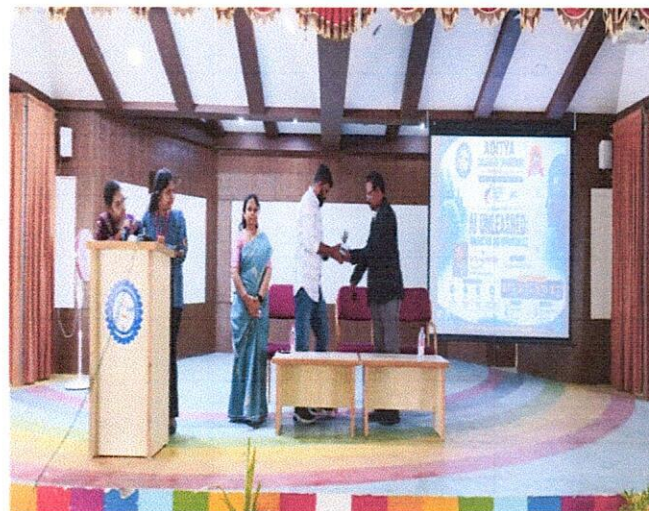

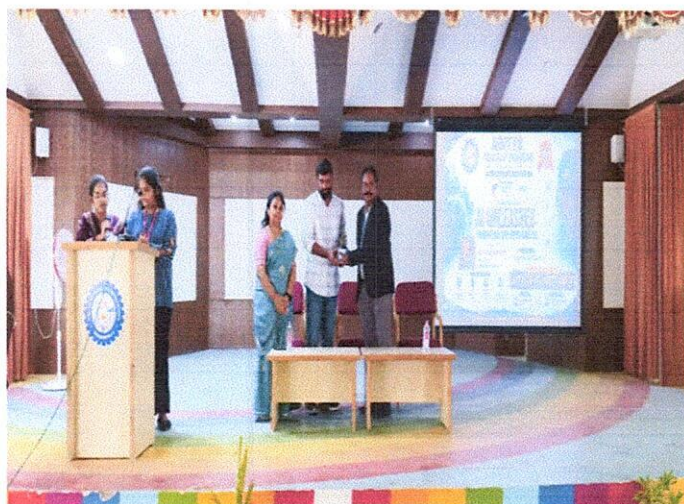

Conclusion

The technical talk “**AI UNLEASHED: Innovation and Opportunities**” was an informative and valuable academic activity organized by the **Department of CSE (AI), Aditya College of Engineering, Madanapalle**. The interaction with the industry expert provided students with useful knowledge about Artificial Intelligence, innovation, and future career opportunities. The program successfully encouraged students to explore emerging technologies and motivated them to enhance their technical skills to meet the requirements of the evolving IT industry.
