VOIS for Tech Training Programme

Organized by : Department of Artificial Intelligence & Data Science

In Collaboration with: Edunet Foundation

Sponsored by : Vodafone Intelligent Solutions (VOIS)

1. Introduction

The **Department of Artificial Intelligence & Data Science, Aditya College of Engineering, Madanapalle**, in collaboration with **Edunet Foundation** and sponsored by **Vodafone Intelligent Solutions (VOIS)**, successfully organized the **VOIS for Tech Training Programme** for the **III B.Tech students of Computer Science & Engineering (CSE), Computer Science & Engineering (Artificial Intelligence), Artificial Intelligence & Data Science (AI & DS), and Electronics & Communication Engineering (ECE)** on **23 July 2026 and 25 July 2026**.

The programme was designed to bridge the gap between academic knowledge and industry expectations by providing students with exposure to emerging technologies, industry best practices, and practical learning experiences. It aimed to develop technical competencies, problem-solving abilities, innovation skills, and career readiness among engineering students.

2. Objectives of the Programme

The major objectives of the training programme were to:

- Provide students with industry-oriented technical knowledge.
- Familiarize students with emerging technologies and digital transformation.
- Enhance employability through hands-on learning experiences.
- Develop analytical thinking and problem-solving skills.
- Introduce students to career opportunities in the IT industry.
- Encourage continuous learning through industry certification programmes.

3. Programme Details

Programme Name : VOIS for Tech Training Programme

Organized by : Department of Artificial Intelligence & Data Science

Knowledge Partner : Edunet Foundation

Sponsored by : Vodafone Intelligent Solutions (VOIS)

Dates : 23 July 2026 and 25 July 2026

Venue : 201 Computer Laboratory

ADITYA COLLEGE OF ENGINEERING

Resource Person: Mr. Aswini Kumar. M Senior Manager – Training Edunet Foundation	Participants: • III B.Tech AI & DS • III B.Tech CSE • III B.Tech CSE (AI) • III B.Tech ECE
---	---

4. Inaugural Session

The programme commenced with an inaugural session attended by the college administration, faculty members, and participating students. The dignitaries emphasized the importance of acquiring industry-relevant skills in today's rapidly evolving technological landscape. They encouraged students to actively participate in the training programme and make effective use of the learning opportunities provided through the collaboration with Edunet Foundation and Vodafone Intelligent Solutions.

The Resource Person introduced the objectives of the programme and explained how industry-oriented training enhances students' technical knowledge and career prospects.

5. Technical Sessions

The technical sessions were highly interactive and focused on the latest developments in information technology and digital transformation. Students gained practical insights into several emerging technologies, including:

- Digital Transformation
- Cloud Computing Fundamentals
- Artificial Intelligence
- Machine Learning
- Generative AI
- Data Analytics
- Industry Applications of AI
- Career Readiness and Employability Skills

The sessions combined theoretical concepts with practical demonstrations, enabling students to understand real-world applications of modern technologies.

6. Hands-on Learning Experience

One of the major highlights of the programme was its emphasis on experiential learning. Students actively participated in practical exercises, collaborative learning activities, and

technical discussions. The Resource Person demonstrated real-time applications and industry use cases, allowing students to apply their theoretical knowledge in practical scenarios.

The interactive sessions enhanced students' confidence in using emerging technologies and motivated them to explore innovative solutions for real-world challenges.

7. Student Participation

More than **400 III B.Tech students** from the Departments of **AI & DS, CSE, CSE (AI), and ECE** actively participated in the programme according to the scheduled batches.

The students displayed enthusiastic participation throughout the training sessions by engaging in discussions, asking technical questions, and actively completing the practical activities conducted during the programme.

8. Learning Outcomes

At the end of the programme, students were able to:

- Understand the latest trends in Artificial Intelligence and Digital Technologies.
- Gain awareness of Cloud Computing and Data Analytics.
- Apply analytical thinking to solve practical problems.
- Appreciate the importance of continuous learning and professional certifications.
- Develop confidence to pursue industry-oriented projects and internships.
- Improve their employability skills and career preparedness.

9. Valedictory Function

The **Valedictory Function** was held on **25 July 2026 at 4:00 PM** in the College Auditorium.

During the valedictory session, the dignitaries congratulated the participants for their active involvement and appreciated the efforts of **Edunet Foundation** and **Vodafone Intelligent Solutions (VOIS)** in providing industry-relevant technical training to engineering students.

The Resource Person encouraged students to continue upgrading their skills through online learning platforms, industry certifications, and innovative project development. The programme concluded with expressions of gratitude to the management, faculty coordinators, and all participants for making the event a grand success.

10. Acknowledgements

The Department of Artificial Intelligence & Data Science expresses its sincere gratitude to:

- **Sri. R. Rama Mohan Reddy**, Secretary & Correspondent
- **Sri. M. Nagamalla Reddy**, President
- **Dr. S. Ramalinga Reddy**, Director
- **Dr. Rayudu Peyyala**, Principal

for their constant encouragement and support in organizing this programme.

Special appreciation is extended to **Edunet Foundation** and **Mr. Aswini Kumar. M, Senior Manager – Training**, for delivering highly informative, engaging, and industry-focused sessions that greatly benefited the students.

The department also thanks all the Heads of Departments, Faculty Members, Technical Staff, Student Coordinators, and Volunteers for their valuable contributions to the successful execution of the programme.

11. Conclusion

The **VOIS for Tech Training Programme** was a highly successful initiative that effectively connected academic learning with industry requirements. Through expert-led sessions, practical demonstrations, and interactive learning activities, students gained valuable knowledge of emerging technologies and developed essential technical and professional skills.

The programme significantly enhanced students' awareness of current industry trends, motivated them to pursue lifelong learning, and strengthened their confidence to meet the challenges of the rapidly evolving digital world. It stands as another successful milestone in the Department's commitment to producing **industry-ready, innovative, and future-ready engineering graduates**.
